

# ASHINSHANA KAWSHAL

Creative Technologist | AI-Assisted Software Developer | 3D Animator

## ABOUT ME

A Creative Technologist and 3D Animator with industry experience and a solid software engineering background. Skilled in transforming ideas into high-quality visual and technical solutions through 3D animation, design, and development. Driven by innovation, storytelling, and continuous learning.

## EXPERIENCE

### Boomerang Global Ventures (Pvt) Ltd

- Worked as a 3D animator with over 5 months of experience, creating character and scene animations in Blender and handling finalization, video editing, VFX, and SFX to deliver polished, production-ready visuals.

### Fiverr Freelancer

- Worked as a freelance graphic designer and 3D artist with over 5 years of experience, delivering design, 3D animation, photo editing, and video content for international clients. Managed complete projects from concept to final delivery, ensuring quality, client satisfaction, and timely completion.

### Photography

- Worked as a Photographer with over 4 years of experience, specializing in color grading, high-end photo retouching, and visual enhancement to produce professional, polished images.

## LANGUAGE

- Sinhala
- English
- Tamil
